COMMUNITY CHORUS IN TRIUMPH

"Creation" Makes Stupendous Hit; Organization to Grow

ARLINGTON TAKES RANK MUSICALLY

To Sing Handers' "Messiah" Christmas; Public Invited To Join; Sing Mondays

An astonished, enthusiastic and then completely captivated audience of about 350 persons heard the oratorio "Creation" by Joseph Haydn Friday evening at the Arlington Heights High School, as given by the Community chorus and three guest artists, all under the direction of Mr. Theodore Militzer.

Included in this large audience were critical concert-goers who occasionally travel to Chicago or Evanston to hear the greatest music; but actually to hear it given so accurately and thoroughly artistically by a big chorus in their own community of Arlington Heights seemed like a wild dream too good to be true. But it was real.

Prolonged applause followed the stupendous climax of the chorus number, "The heavens are telling," which closed the first half. The three soloists and the entire chorus, director and accompanist were called to rise to receive the plaudits of the audience.

"The greatest tribute that could be paid to a chorus was given you," said Mr. Militzer afterward; "first, the undivided attention of the audience; second, the soloists sang in every chorus with you—enthusiastic and happy. You surpassed my expectations."

As the concert ended, the audience after long applause seemed loath to leave their seats; and then did not go home but gathered in groups pouring out enthusiastic comments on the fine features and success of the oratorio as given.

It was a long time before the people left; such an impression had been made upon them.

Musically trained listeners were not able to detect a single hesitation throughout the entire evening. The work of the chorus was truly marvelous; like seasoned oratorio singers they sang the very intricate music; their attacks were right on time.

It was likewise something of a personal triumph for Mr. Militzer, the director. Having been for almost a year the director of the most his entire life, it may have been a case of a "prophet in his own country," perhaps not generally appreciated that he is a director of seasoned and distinguished experience and of rare ability; but the work of the chorus showed unmistakably an extraordinary labor of love. This was largely a labor of love on Mr. Militzer's part; and it is something that has made undoubtedly a permanent impression upon this community for better music and higher artistic standards.

Due recognition by Mr. Militzer and the audience was given Miss Mercie Heise of Palatine, the accompanist, as she was escorted by the director toward the center of the front, receiving hearty applause. Throughout the long, steady ring of intricate and rapid piano work accompanying the choruses, recitatives and arias, Miss Heise was right there, giving support and assurance to the director and a pianist highly capable in oratorio work, than which nothing is more difficult or exacting.

The work of soloists in "The Creation" is unusually heavy even for an oratorio; and these visiting artists were highly satisfactory. Miss Ruth Bassett, soprano, who sang the part of "Gabriel," had a voice as soft as velvet throughout; under muscular control in the most difficult passages. The Roy Hamo of Chicago, as "Uriel," and Albert Borroff as "Raphael" were likewise exceptionally good. The three in their trio work were simply superb.

"Messiah" Is Next With their superlative success in "The Creation," there appears to be nothing in the line of ambitious choral music that the Arlington Heights Community chorus need hesitate to attempt, provided there is the required growth in membership. Their next project is "The Messiah," Handel's sublime oratorio of the Christ, which is to be given next Christmas. Rehearsals in "The Messiah" will start Monday, March 28; meanwhile, next Monday night work will be continued toward some further appearance this spring.

The sopranos of the chorus as they appeared in "The Creation" are Beatrice Alden, Maude E. Allen, Lynn Berg, Esther Ellerbrake, Ingelborg C. Gustafson, Mrs. J. T. Hackmeister, Delia Hertel, Olga Hofstetter, Katherine J. Kealey, Delilah E. Kost, Frances McBride.

JACOB ARNOLD OF WHEELING IS PASSED AWAY

The funeral of Mr. Jacob Arnold, of Milwaukee avenue in Wheeling, who passed away at 12:20 o'clock Monday morning, will be held at the home at one o'clock Thursday, March 17; thence to the Evangelical church at Northfield; interment in Northfield cemetery. Mr. Arnold was 76 years of age. An obituary now in the hands of the minister in Evanston, will be given in next week's issue.

FIND LITTLE RESPONSE TO SCHOOL PLEA

P. T. A. Committee Makes Partial Report; Unusual Program

Mr. Humphrey Ashton, chairman of the committee for canvassing the homes in Arlington Heights for the sale of 1931 tax anticipation warrants at 6 per cent interest for the purpose of enabling the teachers to be paid and the schools to continue until the close of the school year, reported at the P. T. A. meeting Tuesday night that results on the whole are disappointing.

Only about 30 out of a goal of 200 individual subscriptions have been secured so far. Mr. Ashton said that the committee would work for another month; but unless more results are forthcoming, it looked as if the schools would have to close. It appears that they would be closed now if it were not for the work of this committee.

Several subjects were read on the general subject of "Child Training." Mr. E. D. Whitmore, superintendent of schools, gave a paper on "Authority in Discipline." Mrs. George Schaefer, on "Parent Education." Mrs. Samuel Taylor on "The Family in Leisure Time."

Miss Bernice Haukey of the South West Campbell street, Mrs. T. W. Birney on "Character Building," Mr. Loyal Tingley on "Past and Present Ideals," Mrs. Bruce Jarvis gave a report of the Saturday all-day meeting of the Chicago Association for Child Study and Parent Education.

A series of three solos was sung by Mrs. Irene Godknecht of Palatine, which were much enjoyed. She was accompanied by Miss Esther Smith, teacher in Palatine high school.

The rooms winning the pictures for best parent attendance at the meeting are Miss Haligus' third grade room in the north school, and Miss Haukey's sixth grade room in the south school.

Announcement was made of a nominating committee to report at the April meeting; the committee consists of Mrs. Samuel Taylor, chairman; Mrs. Bruce Jarvis, Mr. Joseph Roth.

There was considerable enthusiasm as to the program held that evening, and it was voiced that one similar should be held in the near future.

Mrs. E. Hildebrandt Laid to Rest Sunday

The funeral of Mrs. Elizabeth Hildebrandt, aged 91, of Arlington Heights, was held Sunday afternoon at 4 o'clock from the Lutheran church at Northfield, Rev. H. C. Fricke of the Lutheran church officiating. Burial was in St. Peter Lutheran cemetery.

Mrs. Hildebrandt leaves one daughter, Mrs. Henry Winkelman, 219 S. Evergreen street, and a stepson, Mr. John Hildebrandt, of Campbell street. An obituary will appear in the next issue.

Auxiliary Has Idea For Conversion of Gold and Silver

Alchemy, the chemistry of the middle ages, the professed art of transmitting the baser metal into gold, has been reversed, the gold standard now is such that gold is required to be changed into food, for starving kiddies.

Mrs. Pope, president of the Women's auxiliary of Merle Guild Post No. 208, makes a plea for old gold and silver. Those old broken looking, ring settings, odd sterling silver spoons can be put to mighty fine use. This request for trinkets that may be cluttering up an otherwise modern establishment comes through the Legion Auxiliary's Cook County council.

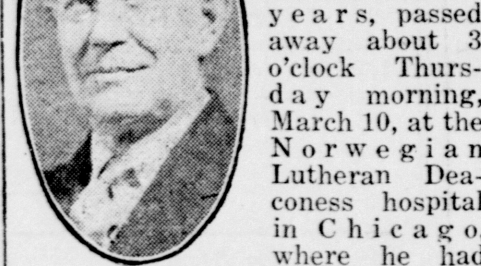

There is a "Hungry Children's Fund" sponsored by the council. Mrs. Pope's telephone number is Arlington Heights 562-W. Give her a ring and she will give you further particulars.

CROWD CHURCH AT FUNERAL OF ED. H. BOLTE

Was Village Treasurer of Arlington Heights for Twenty Years

Mr. Edward H. Bolte, village treasurer of Arlington Heights, which office he had held for 20 years, passed away about 3 o'clock Thursday morning, March 10, at the Norwegian Lutheran Deaconess hospital in Chicago, where he had been taken Saturday morning.

He worked in his office in the Arlington Heights village hall last Friday, March 4. He was taken acutely ill that evening; although it was scarcely known that he had been ill for months previously. He was taken in an ambulance to the hospital Saturday morning; operated on Monday morning.

Visitors to the home were many, but on Saturday, March 12, it was a full and steady stream from 2 o'clock until about ten that evening. The funeral services Sunday afternoon were very largely attended. Six of the members of the Arlington Heights village board acted as pallbearers: Mayor Julius Plentie, trustees Albert Goedke, George Klehm, Walter Krause, Alfred Jasper and George Schaefer. Mr. G. Framberg, trustee, and H. Peter, village clerk, were honorary pallbearers. After the preliminary service at the home at 24 South Chestnut avenue, the funeral procession included the municipal band and the Lions club, both on foot marching ahead.

The St. Peter Lutheran church edifice was crowded to capacity. Rev. C. M. Noack gave a short sermon in German and Rev. H. C. Fricke preached in English. Music was by a male duo from Chicago. Floral offerings were abundant and beautiful. A memorial wreath was sent by the Lutheran Laymen's league. Interment was at St. Peter's Lutheran cemetery, arrangements by Karstens.

Mr. Bolte was 54 years of age; born in Arlington Heights April 7, 1877, son of Henry Bolte and Elizabeth Hoffenbroedel. He was educated in the Public and Lutheran schools in Arlington Heights; later in the Metropolitan Business college in Chicago. His father, Henry Bolte, was for years postmaster in Arlington Heights; and Edward served here as his father's helper. He married Miss Eliza Schering at the home of the bride in Palatine, May 3, 1903; Rev. Droegeueller officiating. It was a standing pleasantries in the family that the very next day after his marriage he had to rush off to board meeting as clerk of the village of Arlington Heights.

Mr. Bolte early became experienced in the work of tax collecting in Wheeling township. He belonged to the village fire department for 30 years; was also a member of every band in Arlington Heights since he was a young man. He bought the shoe business which he carried on until the growing duties of village treasurer and collector in Arlington Heights made it undesirable to continue. In June 1928, he had sold out all his stock.

Mr. Bolte lived in Arlington Heights his entire life. He was a member of St. Peter's Lutheran church; of the Lions club; the Chamber of Commerce. He was one of the founders of the earlier Business Men's association.

Mr. Bolte leaves his wife, Mrs. Eliza Bolte; one daughter, Mrs. Gertrude Pfingsten, wife of John C. Pfingsten of Arlington Heights; two brothers, Messrs. Henry and Otto Bolte of Arlington Heights; and a wide circle of friends.

Mr. Bolte was a brother-in-law of Messrs. William, Fred and Charles Schering, well known citizens of Palatine. Their mother, Mrs. Dorothy Schering, resides at the Bolte home with her daughter, Mrs. Eliza Schering Bolte; another daughter, also residing at the Bolte home, is Miss Anna Schering, a nurse, who cared for Mr. Bolte night and day while at the hospital.

1930 Taxes Now in Collection

Taxes for 1930 are in collection this week. The Wheeling township collector, Mr. William Annen, will be at the People's State Bank in Arlington Heights today (Friday) and tomorrow; also Tuesday, Wednesday, Thursday and Saturday of next week, and Tuesday and Wednesday of the following week, March 29 and 30. He will be at the Wheeling State Bank two Mondays, the 21st and 28th.

Dog Takes Memento From Robber's Pants; Saves Station Till

The dog "Rags" at the Arlington Point service station Northwest highway just west of Stonegate, operated by August Lunning, is the hero of an attempted robbery of the station Sunday night. The robber failed to get a thing; but "Rags" got a piece of his pants as a souvenir. This Mr. Lunning found near the window through which the robber made his hasty exit.

TREASURER OFFICE IS DIVIDED

Fred Lorenzen and Wm. F. Meyer Are The Appointees

The Arlington Heights village treasurer and collector will hereafter have an assistant. A new ordinance creating a position of assistant treasurer and collector was passed by the village board Monday evening. The duties of the assistant will be the same as the treasurer, himself, and he will have equal responsibility. The bond of each was fixed at \$50,000.

Following the passage of the ordinance President Plentie and the board named Fred H. Lorenzen as treasurer and Wm. F. Meyer as assistant.

Each of the men appointed will receive a salary of approximately \$2,000 a year, which will mean a saving of several hundred dollars in the office. The young lady clerk now employed at \$15 a week will be released May 1. Bonds will be procured by the appointees without expense to the village.

The treasurer's salary and commission for 1930 was \$5,900. It was made a straight \$4,000 salary position in 1931 with a clerk at \$750 a year.

E. P. Laurin was instructed to make an immediate audit of both the treasurer's and collector's books bringing previous audits down to date. The new appointees will assume office upon approval of bonds and will assist Mr. Laurin in the auditing work, which will enable them to become thoroughly familiar with the books.

The village board also appointed Elmer Crane as a member of the Plan Commission, taking the place made vacant by the death of N. M. Banta.

PALMER ANNOUNCES PLATFORM

An Out-and-Out Statement of Principles; Takes Stand

Geo. E. Palmer, who is an independent candidate for village trustee, for the first time in a number of years, there is no opposition in Bensenville, where the present members whose terms expire are seeking re-election. They are: Trustees, E. M. Boldebusch, Herman A. Beyer and Leonard H. Geils. E. W. Mueller is candidate for village clerk to succeed himself.

No Election in Wood Dale Wood Dale, which is the scene of considerable opposition at recent elections, may not have a village election. The village clerk has not called an election and no petitions have been filed. A decision from court regarding the commission form of government is expected within a short time. A special election may be called.

Two Complete Tickets in Mt. Prospect Two complete tickets are in the field at Mt. Prospect this year. A. C. Dresser and John Gerken, whose terms expire are not candidates for re-election. The names of Wm. Gaul, present alderman and Edwin Busse, present village clerk are up on the Progressive ticket with Edwin Wille and Ralph Gould as the new members. The full tickets are as follows:

Progressive Voters—Trustee, full term—Wm. A. Gaul, Edwin Wille, Ralph E. Gould; (to fill vacancy) Walter F. Niebuhr; village clerk—Edwin L. Busse.

Peoples—Trustees, full term—Gustave A. Andersen, Walter E. Bach, Ralph P. Smely; (to fill vacancy) Henry Haberkamp; village clerk, Dr. Wesley O. Simonis.

OPPOSITION TICKETS FILED IN MANY TOWNS

Independents Are Also Plentiful

There may be a business depression on, but the depression does not effect the available timber for public office. This is an off year, as far as municipal elections are concerned, but there seems to be an unusual number of candidates. Nearly every village has at least two tickets in the field and some of them have a greater number as well as independents. The last date for filing petitions ended Tuesday evening and as soon as the period allowed for withdrawals has expired, specimen ballots will be in circulation and the campaign will start.

Two Complete Tickets and One "Extra" at Arlington

Arlington Heights will have two tickets in the field only one of which names a candidate for village clerk. Harold G. Peter, present clerk, is a candidate for re-election upon the Progressive ticket. The opposing ticket has no candidate for that office. Mr. Hastings is an independent candidate for clerk and Geo. Palmer is an independent candidate for trustee. The trustee candidates on the Progressive ticket as published last week are Alfred Goedke and Geo. Klehm, as holdovers and Edw. Wille.

The ticket filed this week was named at a meeting held in the village hall Wednesday night. The candidates are O. G. Barrett, Cook County Farm Adviser, Herman Beger and Mr. Hauff. These men are all well known in the village. Mr. Beger has served as trustee. Mr. Barrett was reluctant to be a candidate when first approached, but the pressure was too great and he decided that a man was not a good citizen, if he was not willing to take an active part in local government. Mr. Hauff is a member of the Citizens advisory committee, where he has become especially interested in civic affairs.

Two Tickets at Palatine Geo. Henning is retiring this year from the village board, his place upon the tickets composed of alderman, whose terms expire, being taken by Chas. Wittenburg who has previously served upon the village board. The complete ticket carries the names of Wm. Zoellich, H. C. Schroeder and Chas. Wittenburg, for trustees and T. C. Hart for village clerk. A second ticket named places upon the ballot Clarence Hanns, Ralph Hildebrandt and Fred Schermer. It has no candidate for clerk.

Split Tickets at Wheeling Aug Pieper will not be a candidate for re-election upon the Wheeling village board. The other two men whose terms expire this year are Sam Warnecke, who is a People's Party candidate, and Chas. Johnson who is aligned with the Progressive Party. The complete tickets follow:

Peoples Party—Trustees—Sam Warnecke, Walter Pieper, Frank Upadel. Progressive Party—Chas. Johnson, John Wick, John Kierner. Village Clerk—Adeline Schneider. Independent—Trustee—Leo Grose.

No Opposition in Bensenville For the first time in a number of years, there is no opposition in Bensenville, where the present members whose terms expire are seeking re-election. They are: Trustees, E. M. Boldebusch, Herman A. Beyer and Leonard H. Geils. E. W. Mueller is candidate for village clerk to succeed himself.

The village clerk has not called an election and no petitions have been filed. A decision from court regarding the commission form of government is expected within a short time. Progressive Voters—Trustee, full term—Wm. A. Gaul, Edwin Wille, Ralph E. Gould; (to fill vacancy) Walter F. Niebuhr; village clerk—Edwin L. Busse.

THIRD NATIONAL CRISIS PROCLAIMED

Jenkins Says Financiers' 'Soaking' Farmers Finally Hit Cities Also

Caslow Shows Relation of Chains to Loss of Jobs, Savings, Homes

Newton Jenkins, Progressive Republican candidate for United States Senator from Illinois, and Winfield S. Caslow, "The Main Street Crusader," made exceedingly challenging statements of a very serious nature about the "depression," so-called, and its meaning to the American people; at a meeting held Monday night in the Arlington Heights high school auditorium held under the auspices of the Honor Stores (independent business men's organization).

A crisis America faces today, as dangerous and significant as just before the Revolution of 1776 or Civil war of 1861, they declared. Industrial and business democracy must be achieved or "depression" continues, with either economic subjection or disaster on one hand or communism and disaster on the other, as pictured to the audience.

Mr. Jenkins was introduced to the audience by Mr. O. G. Barrett of Arlington Heights, Cook county farm advisor and official representative of the U. S. department of Agriculture and of the University of Illinois College of Agriculture. Mr. Jenkins has been a member of the Cook County Farm bureau since its organization nine years ago, and had had supper with Mr. Barrett.

Mr. George Palmer, representing the local business men, presided at the meeting.

When the farmers were pulled into their depression by the deliberate "deflation" of agriculture in 1920 by certain financial and governmental leaders acting through the Federal Reserve board, in 1921, 24 billions were taken out of the value of the agricultural industry," said Mr. Jenkins. "It paralyzed the farmers. It did not do anything to the cities at first. They were living in a fool's paradise. They talked about developing 'our foreign markets.' But there are in this country 30,000,000 people who live by agriculture—a great market for the cities. If you destroy the great home market, injury is done to business." He cited wheat at 31 cents a bushel, corn 24 cents, oats 13 cents; declaring that no farmer can buy city-made goods while selling grain at such prices.

"You can't soak agriculture in the country and save industry in the city." The big international bankers took the billions of money made by "soaking" the farmers and gained high commissions by loaning the money abroad, Mr. Jenkins said, "money that should have been used to develop American agriculture."

He criticized leaders of both major political parties for looking away to foreign countries for markets. "They have turned their attention away from the problems that affect you and me."

"The independent community business man is rapidly becoming a 'vanishing American,'" Mr. Jenkins continued. "It is the situation everywhere. He is making a fight for his very life. And don't forget this: Big business is fighting with its back to the wall. It has no program—make money or state are back on a sound basis, it is going to be done by people like you."

Mr. Jenkins declared that the community is as much a part of the American system of life as the individual, family or state are the community support of community life and rebuilding. "The time to save the community business man is while he is still here. Maybe you don't care, but I think he has been too good a work horse to turn out that way."

Predicts Party Overturning "You are not going to gain anything, in my judgment, from merely changing party," Mr. Jenkins continued. "Both parties are directed from the same offices in Wall street."

"I believe the people are going to set up their own party in 1932; or they are going to take over one of the major parties, write its platform and elect their own candidates. If these issues are not met, if this situation is caused by conditions of the 'depression,' I do not want to be in public office. There are going to be some heads rolling in the sand if these issues are not met! I believe this country is going to survive, and that these issues are going to be met."

Mr. Jenkins charged that the present Republican Senator from Illinois, Mr. Glenn, is using his high official position to practice law on the side "for big fees" for those interests who want a senator to

Banking Conditions Improving

Money Comes Out of Hiding; Bank Casualties Are at a Minimum

Reports in the daily press, confidential reports issued to banks by financial houses and experience of tax collectors and others are that money is coming back into circulation at a rapid rate. The Chicago Tribune of Sunday reported a case in New Where a customer of a bank took \$300,000 in gold out of his safety deposit box and deposited it into a savings account. The same dispatch states that the rate of bank closings since March 1, has been the lowest that it has been since 1928, which was in turn the lowest in ten years.

The above is encouraging news to readers of this paper, many of whom have had personal knowledge of money that has again been put back into circulation. One farm hand in this vicinity bought over a thousand dollars worth of securities last week, paying for it in cash, which he had stored away in the seat of a Model T Ford. A large part of local tax collections are in cash.

There is no question but that constructive factors have been at work in the past two months to bring about a change in the banking situation and a change in the public attitude toward financial institutions.

January and February saw a decided strengthening in the American banking situation. Suspensions have been on the wane, and considerable improvement is shown in the week-by-week record.

Favorable news emanating from Washington regarding proposed legislation for the protection of existing banks is believed to have assisted materially in firming up the situation and reducing the weekly list of casualties, which were only 7 for the entire country last week.

Voice of The People Arlington Heights Herald

Your last issue carried a statement that Henry Horner had been endorsed by the Wheeling Township Regular Democratic Organization. I am a member of that body and as far as I can find out no meeting of that organization has been held nor has any such endorsement been given by the members of Wheeling township.

I and many others favor the candidacy of Michael L. Iggoe and have opened headquarters in the Vail Davis Bldg. We are working for his success and feel that individual Democrats have the right to make their own endorsement. I ask that this letter be given the same prominence in your next issue as the article published last week.

THIRD NATIONAL CRISIS PROCLAIMED

Jenkins Says Financiers' 'Soaking' Farmers Finally Hit Cities Also

Caslow Shows Relation of Chains to Loss of Jobs, Savings, Homes

In the second half of the mass meeting held in the Arlington Heights high school auditorium Monday night under the auspices of the local business men, Mr. Winfield S. Caslow, the "Main Street Crusader," showed his audience how from their complacency, and bared what appears to himself and many of his hearers, as a crisis in the nation and before them. The very existence of the nation is gravely threatened by present conditions and must be met in the spirit of '76, he stressed with very forceful utterances.

Mr. George Palmer called the Honor Store business men present to the platform, and before introducing the speaker, said a few words in regard to his own candidacy for village trustee—that if elected he will aid local business so far as possible.

Mr. Caslow saw the present economic troubles as due to a drift from principles on which this nation was founded; principles contained in the economic laws given by Moses. We have the biggest buildings in the world, the world's greatest newspaper, etc., and we are the biggest fools in the world; we have the richest country in the world and are getting poorer all the time!

"Where there is no vision the people perish" (Mr. Caslow quoted from Proverbs 29:18, the Hebrew of which says, literally, "Where there is no vision, the people become naked.") "When the Declaration of Independence was signed, people had a vision; they knew what it was all about. In the second major crisis in 1860, Abraham Lincoln knew what it was all about; he said, 'We cannot have a nation half slave and half free!'

"We are still half free; we need a new type of patriot who sees that as man is too valuable to be the subject of a king, too great to be a slave to a master, he is also too great to be a subject of a machine," shouted Mr. Caslow.

"The third great crisis in American history is the struggle against monopoly. Monopoly is just as dangerous as slavery or monarchy."

Mr. Caslow sketched the growing Communist menace, citing killings of men in riots in Detroit and Chicago recently. "Monopoly of private capitalism is a deep ditch on one side of the road; on the other side of the road is another deep ditch of state socialism; what is the way out?"

Would Draft Wealth

"All we need to do is to make business just as free as government and society were made in those previous crises."

"If I was in the White House I would stop this depression in 30 days! Both Republican and Democratic parties have demonstrated that the government has a right to draft men for a military mobilization in time of war. The government then has a right to draft money for the salvation of the nation in time of need! Are the sons of our mothers less valuable than the dollars ground out of our machine shops?" He added that if they wanted to call that "Socialism," they could make the most of it.

Mr. Caslow said he is willing to fight personally for his country, but never again of American soil. (Applause). "There has never been a time when it was necessary to go off to protect American investments abroad," was his startling declaration; adding, "I carry a color bar of the V. F. W."

"If we want to drive America into the ground, just go on making man subordinate to the machine or the dollar."

"Communism tries to get on without God; no nation has yet prospered that shook its fist in the face of God. God laid down the economic laws over 3,000 years ago, for the Israelitish people. That was economic democracy; you could not build up a monopoly under those laws; they gave every generation a new start. But under a system of monopoly, by reason of cleverness, shrewdness of crookedness, a man gets immensely rich, and can turn over all the property to children who form an aristocracy of wealth." Mr. Caslow would not interfere with a man's accumulating wealth, but would permit only a reasonable amount to go to the heirs; the balance to go to a public department of wealth to be used for public welfare. Capitalism and socialism are both wrong as Mr. Caslow sees them. He urges democracy, putting humanity first, but also granting property

EASTERN STAR HAS SILVER ANNIVERSARY

Palatine Chapter No. 565, O. E. S. celebrated its 25th anniversary Tuesday evening. It was also the occasion of the official visit of Sister Emma C. Hanson, Worthy Grand Matron. Eleven grand officers in Eastern Star circles were also present.

The feature of the event was the elaborate decorations of the dining room and the turkey dinner that was served to 130 people shortly after six o'clock. All past worthy matrons of Palatine chapter except one, were present, as well as eight charter members. Each of the latter received a silver server to commemorate the event. Flowers were also presented to Sisters Lily Schierding and Helen Swick, who have served the chapter as officers continuously the past 25 years.

The absence of Sister Sallie A. Volz, instructress, who passed away a month ago, was the only cloud over the festivities. The worthy grand matron alluded to the service that Mrs. Volz had given to Palatine chapter, Sister Schierding in behalf of Brother Geo. K. Volz, presented to the chapter a silver basket, suitably engraved in memory of his wife.

Sister Alma Tesch, worth matron of Arlington Heights chapter, presented silver installation baskets as gifts from her chapter.

The Banquet Room
Many were the "Ohs and Ahs"

when the company, headed by the grand and local officers, entered the dining room, the ceiling and walls of which were covered with strips of white paper, from which hung a myriad of silver stars. Silver candles graced the tables and table favors and other decorations were of silver centering in a large ship upon the center table with sails also of silver and with a "cargo" of flowers. The dining room was a bower of beauty; all the work of a hard working committee of which Sister Florence Steinbrink was chairman.

The dinner itself was equally as outstanding. Ample helpings of turkey and side dishes made up a menu that will not be forgotten for a long time by the guests who carried away with them memories of how Palatine chapter does things. Sister Lily Schierding was chairman of the dinner committee. A gift of gold was given to Sister Hanson.

The chapter room also bore evidences of a 25th anniversary. Silver stars were about the room. A canopy of stars covered the altar, over which a large "25" was suspended.

Announcement was made during the evening that Sister Hazel H. Rein had been appointed instructress for Palatine chapter to finish the year's work.

Grand officers present were: Sister Emma C. Hanson, W. G. M.; Bro. Wm. A. Gronberg, W. G. P.; Sister Lucia G. Alder, G. Chap.; Sister Gertrude E. Thomas, G. Org.; Sister Anna Wallford, G. Adah; Sister Gertrude Boelke, G. Ruth; Sister Susan M. Ramsey, G. Martha; Sister Idabelle Morgan, G. Electa; Sister Jeanie R. Fisher, G. Warder; Dr. Richard Lambert, G. Sentinel; Sister Vivian Scott, P. W. G. M.; Sister Louise Repogle, G. Representative Louisiana.

Arlington Heights O. E. S. Chapter Has a Birthday

Birthday and Past Officers' night Thursday, Feb. 10, have come and gone, leaving another memorable event in the history of our chapter. This night marked the second anniversary of our institution.

Our junior past matron and patron, Sister Emma and Brother Elmer Laurin, were escorted to the east by our present officers, when they were welcomed into their stations by our matron and patron and greeted in song by our soloist, Sister Julia Shadowens.

Those serving in the various stations were: Maybelle Jasper, A. M.; Herman Meyer, secretary; Wm. Muller, treasurer; Celia Hapsum, Cond.; Lillie Jahn, A. Cond.; Hattie Barkell, Chap.; Richard P. Jahn, Mar.; Cecil Bradley, Org.; Lulu Herrmann, Adah; Ella Danielson, Ruth; Marie Muller, Esther; Hazel Utpadel, Martha; Hulda Muller, Electa; Hugo Thal, Warden; Frank Hall, Sent.

The worthy matron and patron then welcomed into the East Sister Mary Meyer and Brother Geo. K. Volz, their respective guests of honor for the evening, who were also greeted by songs.

The election of associate patron was held and we are pleased to announce the selection of Brother Chas. Pankonin for the office.

Owing to illness our candidate could not be present and initiation was dispensed with and after conducting its regular business, and hearing from those in the east, chapter was closed.

Then followed a short entertainment by a talented young dancer, Gloria Sandberg and songs by the popular songbirds, Sisters Julia Shadowens and Cecil Bradley. At the conclusion of the entertainment refreshments appropriate to the occasion were served in the beautiful decorated dining room.

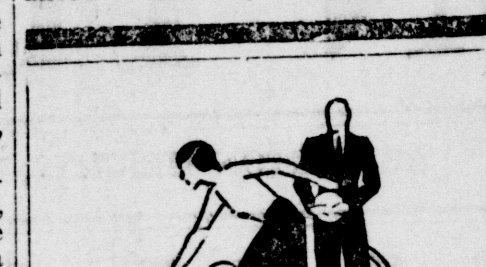

Next meeting March 24. A regular meeting followed by a card party.

BOWLING NEWS

ARL. CANDY AND STEINKE BACK IN TIE

The Arlington Candy boys and the strong Steinke Five are back in first place again after Monday night, when the Dreyer Electric boys took the leading Candy boys for two games and the Karstens boys, starting out like if they were going to take three games from the Steinke Five, but after that first game the Steinke boys pulled together and won the last two games. The Gieseke Store boys

had a little surprise for themselves when they won three games from the Kehe Motor truck drivers to go ahead of them by one game.

IT'S a great satisfaction to bowl on Arlington Recreation Parlors' alleys because the perfect condition of our alleys and equipment permits you to get the most in scores out of your ability.

WHY DO I LEAVE MY DISHES?

"YOU needn't tell me that dishes are harder to wash when they've stood overnight. I know that only too well. The reason I leave my dinner dishes is simply because our hot water supply is always low in the evening. And by the time I've waited and waited while water is heating, it seems I've spent the best part of the evening in the kitchen."

After all, the real question is *Why don't you have plenty of hot water?* Then you could hustle through the dishes in double-quick time after every meal. Remember this: An automatic gas water heater always keeps a tankful of hot water ready to use. You can be generous in filling the dishpan. There is plenty of hot water for rinsing glassware, dishes, silver. And always enough, afterward, for scouring pots and pans. Doing dishes is twice as easy when hot water (lots of it) runs from the faucet.

Other things are much easier, too. Cleaning, bathing, shaving, laundry work. And yet, this luxury of having all the hot water you want costs only a few cents a day per member of the family. Probably no more than your husband spends for smokes. Your **LOCAL PLUMBER** or your **PUBLIC SERVICE COMPANY STORE** will gladly give you all the facts.

Gas WILL HEAT WATER *Automatically*

OBSERVER'S NOTES

Up and start home fires aglow,
As you used to long ago,
Give good cheer possession;
Gather in some friendly folks,
Let them swap wise cracks and
joke.

Of varying expression,
Suggest a heap of homey things,
Until joy comes on merry wings;
To laugh off "Old Depression."

Admit there is much of sadness;
much to be deplored, and over much
we cannot change, yet all in all it
is a good old God given world, and
much that is good in it.

If we see evil, we should not call
evil good, but set at once with all
our ability to drive it out. Mean-
while let us cultivate the ability to
see good; to see the best in our
friends and neighbors. In our town
emphasizing that which is good,
helps to overcome evil.

There, think that about all the
preaching I'll do this morning. 'Tis
a glorious winter day, though not
far above zero. The sunshine
needs no newly devised scientific
apparatus to strain it. Pure out-
door air, bright unhampered sun-
shine, are Gods gifts for keeping
humanity strong and fit. Try them
with pure unadulterated water and
keep well.

They tell us Gustave Behrens
says frost has gone down into the
ground twelve inches during our
last cold spell. You may be sure
Gustave is acquainted with the
ground and its conditions. Remember
the fine potatoes he used to
coax out of it, especially did we
know them after Mr. Herman
Garms gave up supplying us.

Don't make too big a "wow"
over some little mistake you find in
a bit of news you are concerned
about. Think how we all miss, or
fail to observe little details; use
common sense and be charitable.
Why, heard a man when asked why
color of his wife's eyes say, he
couldn't be sure, they were either
brown or black or possibly they
were blue.

Think it was a Middlesex woman
who, when asked why she didn't
investigate the shots she said she
heard next door, said she had a
husband in the oven and had to keep
watch over it. That reminds me
of one of our old time neighbors,
a meek, quiet person, when sent by
her mother in great haste to the
field to tell her father the house
was on fire waited so long the house
burned down. When asked why she
delayed her message she said:
"Her Father and one of the neigh-
bor men were having such a good
visit she didn't want to bother
them." Dear little meek woman,
if the meek are to inherit the earth,
she must have first mortgages on
all these modern realtors vast es-
tates.

By the way, speaking of fires,
there was no delay in the speed
with which our firemen got to the
scene Wednesday morning; not a
minute to turn out in the cold
either. Wonder why firemen
shouldn't have as big pay as any
village officers.

About pictures and resemblances
couldn't help but think seeing a
crude picture of Bebe Daniels in
some magazine, how little it re-
sembled the fine portrait of her
which Mr. Ferdinand Hofstetter
painted, a beautiful picture for
which he received a most delightful
letter of praise and appreciation
from Bebe herself, and it was well
deserved by the portrait artist.

One thing should be impressed
upon the parents of children who
are in school. Never to speak a
word of criticism of the teacher be-
fore the children. If you have fault
to find or criticisms to make, do not
voice in the hearing of your child.
I know one little lad who surely has
careful parents in this regard, for
to him his teacher is ideal, he never
wants to miss school since it may
trouble her, and it sure troubles

him.
"Twas little John who had to stay
For several days from school away;
Said solemnly and grim
"The worst about it all is this:
My teacher I so much do miss."
And he knew she too missed him.

It is unwise for parents to try to
over influence a son in any pro-
fession, trade or occupation, yet is
often wise for the son after having
for his early years the benefit of
his parents' knowledge and experi-
ence in their special line, he should
have a natural liking and determi-
nation to make their line of work
his own.

In this we are glad to learn that
Mrs. Paulson is happy indeed that
their son, Charles, has of his own
volition, chosen to be a horticultur-
ist, and florist and will remain
with his father. He had finished
high school and taken some time at
Illinois university and we look to
see him climb to the top in floriculture.
Good for him and good for
his parents.

In a recent Art Institute letter,
we are told of one of our greatest
American portrait painters who
longed from earliest recollection to
be an artist. He was poor; had no
push or pull. He was told if he
became an artist he could never
earn salt for his porridge. Then he
said, "I will eat my porridge with-
out salt" and at 17 he began his
persistent taste. He soon won a
name from painting the portraits of
great men. The first woman's
portrait he painted was that of
Mrs. Henry W. Longfellow, after-
wards one of the great poet him-
self.

The name of this artist was Geo.
P. A. Healy, born in Boston, 1813.
He went to France where, after
studying there, and in Switzerland,
1834, he painted the portrait of the
king, Louis Philippe, who was so
pleased with it that he commis-
sioned him to paint the portraits of
all the leading American Statesmen
for the King's gallery at Versailles.
Thus it came about that he painted
all our great men from Washing-
ton (from Stuart's portrait) to Lin-
coln, as well as a long list of kings,
queens and great writers. He died
in Chicago, 1894, aged 81. You will
find some of his portraits in the Art
Institute.

This goes to prove what perse-
verance in the line of your chosen
work will do. Too many try one
thing for a while, drop it and dally
with another and never succeed.
"Tis sad to see so many boys
who want to start on top;
Soon to crash down with a great
noise,
To pick them up—who'll stop?

So many who through college go,
Without a strong background;
Nothing outside of school they
know.

Soon hunting jobs they're found.
They need a stock of common sense
A wise directing guide.
A firm, determined diligence
To bear them over tide.

In your life work be sure to choose
Work suited to your mind;
Then never for one minute lose
Your will its best to find.

Continued and determined will,
To make you work succeed
In climbing higher heights, 'tis
still
The armor you most need.

Stick-to-it-ive, a common name,
Brave he who bears it on;
Battling in life's great game,
For all worthwhile thus won.

We have so much to say about
"Depression" as if it were some
foreign force or individual, when
all the time we are creating and
strengthening his power by saying
he exists. Reminds us again of the
lads who doubted their being any
devil, even though their teacher
said there was a devil. One boy
said, "Don't let them put that over

on you, it will turn out to be fath-
er, just as Santa Claus did." Who
knows out Depression will turn out
the same way.

Alas! For poor humanity,
Never in its place content,
Longing for so much they see
That be with their holdings blent,
What we want in greed we take,
Wild dissensions thus we make.

Thus in country, town or state,
Jealousies and envies rise,
Prejudice and bitter hate
Others rights grow to despise;
"Till through shrewd false legal

Take their holdings, without blame.

Until all mankind obey,
God's law as nature's children do,
How can we sincerely pray
When we are ourselves untrue?
Ruled by greed, envy and hate,
How can we of peace pacts prate?

Let us here resolve to be
Loving, kind, obedient still,
Yielding in that harmony
That bring in God's peace—Good
Will!

MY PLATFORM

I am a candidate for Village Trustee on the Independent Ticket. I am obligated to no party, clique or individual of Arlington Heights, and if elected will be free to act as my conscience dictates, and as the citizens of this Village desire.

I am married, a property owner, have two children, am in business in Arlington Heights, and can be reached practically any time, day or night. If elected I will adhere to the following principles:

1. I will vote and use my influence against any effort to discharge the Chief of Police of Arlington Heights. I believe we have as fine a Police Department as any city of its size in the state, and I refuse to be a party to any back passing administration.
2. I am opposed to the prosecution and persecution of CERTAIN speak easies, soft drink parlors, and bookies. What is fair for one is fair for all.
3. I am opposed to the Chain Store Monopolies, and will use my political influence, if elected, for the protection of all independent merchants.
4. I will recommend and insist of the Village Board that our drinking water be analyzed every three months by a licensed chemist to protect our city from outbreaks of typhoid or other disease.
5. I am against burdening the tax payers of Arlington Heights with any additional assessment for public improvements until such time as the people want it and the conditions demand it.
6. I will use my best efforts to have the council chamber arranged so that all visitors at council meetings will be able to hear and understand reports and recommendations of any and all trustees and the village attorney.
7. If elected I will be pleased to discuss with any citizen of Arlington Heights any question of importance to him and the interest to the Village, and will above all things be fair and just in my actions.

GEO. E. PALMER
Independent Candidate
for Village Trustee

We had the pleasure of meeting Mrs. Bassett, the mother of the deceased, on Monday, who so magnificently bore her difficult part in the "Creation" program last Friday night.

Miss Ruth Heffernan visited Arthur Lautenberg in the Lutheran Memorial hospital Sunday and was pleased to find him doing so well.

The parent staged by the Presbyterian Sunday school in the cause of missions, was well directed and impressively carried out. The groups of children, telling what God had done for them, and of His loving care. The Torch Bearer of the Gospel light "America" was well poised and effective. The different nations or countries given the gospel of Christ through missionary teaching, China, Japan and India, were well represented. It was a well carried out program bearing a much needed reminder to all Christians.

Mr. William A. Meyer is reported registered in St. Petersburg, Florida.

Mr. and Mrs. H. A. Hastings had as dinner guests in their home Sunday, March 13, Mr. Clifford M. Crane and his lady friend from Chicago.

POLITICAL NOTES

Contributed by Readers and Candidates

At a recent meeting attended by approximately thirty-five citizens of Arlington Heights, it was the consensus of opinion that the time had come to make a change in the personnel of the Village Board. With this thought in mind a Peoples Party was organized. Mr. Rex. Volz was appointed temporary chairman.

A nominating committee of ten was appointed by the chairman to select candidates for the office of Trustee to the Village Board to be elected April 19, 1932.

After giving due consideration to the various persons whose names were suggested by those in attendance, the nominating committee reported that they had selected Nelson F. Hauff, Herman H. Boeger and O. G. Barrett as candidates because they were of the opinion that the men selected were well qualified and were the type of men that would stand on their own feet and fight for the people's interest at all times and not only at election time. The choice of the nominating committee was unanimously approved by those in attendance.

The Peoples Party platform will be made public at a later date.

N. F. HAUFF.

1931 License Plates

Don't Go in Indiana

Chicago, Ill.—Illinois cars bearing 1931 license plates are being impounded by the Indiana state highway police until their owners produce 1932 plates, according to a warning issued by the Chicago Motor club.

In addition to the impoundage, the owner of the car must pay for storage at the rate of seventy-five cents per day, and also is fined for driving a car not properly registered. The fine and costs imposed vary, but generally the sum exceeds the cost of new license plates.

The motor club also pointed out that Illinois authorities have begun to arrest motorists of this state who have not yet procured current license plates.

IN MEMORIAM

In fondest remembrance of my dearly beloved daughter, Mary Helmen, nee Behlendorf, who departed this life March 13, 1932. We shall meet you some bright morning.

Resting by the waters fair:
You are waiting for our coming
In that heavenly mansion there.
Yes, we know that you are waiting,
Just across the Silvery Sea,
Waiting there with other loved ones
Till our spirits too are there.
We who loved you, sadly miss you,
As dawn's another year.
In the lonely hours of thinking,
The thoughts of you are ever dear.
Lonesome Mother and Family.

CHRISTIAN SCIENCE CHURCHES

"Substance" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 13.

The Golden Text was, "Faith is the substance of things hoped for, the evidence of things not seen" (Hebrews 11:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "What doth it profit my brethren, though a man say he hath faith, and have not works? can faith save him? For as the body without the spirit is dead, so faith without works is dead also" (James 2:14, 26).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The theology of Christian Science includes healing the sick. Our Master's first article of faith propounded to his students was healing, and he proved his faith by his works" (p. 145).

A grievance is one ailment that cannot be cured by nursing. —Los Angeles Times.

Confirmation Next Sunday at Lutheran Church

Twenty-seven children are to be confirmed at St. Peter Ev. Lutheran church in Arlington Heights next Sunday morning, March 20, at the German service at 9:15 o'clock; seventeen at the English service at 10:45.

This solemn service is traced back to ancient times, according to Rev. H. C. Fricke of the church. "After a period of thorough instruction in the fundamental doctrines of the Christian faith, children are examined publicly as to fitness for church membership."

Then in a beautiful liturgical service they pledge faithfulness to Christ even unto death, and then are formally received as members.

The ancient ceremony of laying on of hands symbolizes the gift of the Holy Ghost and spiritual blessings upon their lives.

The church will be decorated for the services with a profusion of palms and flowers at the altar.

Confirmands will kneel under an arch trimmed with ferns and flowers. The choir will sing. The children will offer a confirmation hymn in two-part music. An attractive program with a beautiful colored cover will be presented at the doors at the English service, thus dispensing with the hymn books. All are welcome.

Names of those to be confirmed are as follows: Agnes Moehling, Bernice Miller, Lillian Schoepke, Mildred Behrens, Margaret Kastning, Bernice Hinrichs, Loraine Schwake, Albertine Neumann, Ruth Schoenbeck, Marjorie Kastning, Lorraine Bublitz, Grace Mueller, Margaret Wichmann, Lorna Meier, Gerhardt Held, Paul Kueter, Vernon Heinz, Arthur Harting, Wilbert Ratske, Raymond Jahnke, Richard Scheele, Erwin Stueber, Franklin Honemann, Melvin La-seke, Arnold Luettichwager, Elsie Einecke, Millie Stueber.

Here we see a show made up of Boy Scouts and Sea Scouts from the ages of twelve to twenty and written by Scouts W. C. But that is not all for here we see the dwarf, the ventriloquist, the strong man, the wild man, a show in itself. You will think you are at a famous Carnival circus.

Then last, but not least, the famous Hemlock Domes the great secret murder mystery. The thrill of your life.

BOY SCOUT NEWS

SPECIAL ANNOUNCEMENT

Saturday evening, Mar. 19, 8 p. m., at the Des Plaines Congregational church, the Great Ranger Minstrels and the famous Sea Scout Band of Oak Park, Illinois, will give a great show. This will be a great treat and you can not afford to miss it. These boys have attracted attention all over the Middle West by their marvelous show and band.

You will be thrilled with their forty piece band and when the curtain goes up for the grand opening your fun will have just started, for the next two and one half hours you will see farce in its funniest, drama you will enjoy and melodrama that will make your hair stand and the creeps go creeping up your spine. Then when the silver toned quartet and their melody singer Joe West carry you to the land of dreams with their songs you'll forget all your cares and worries.

But that is not all for here we see the dwarf, the ventriloquist, the strong man, the wild man, a show in itself. You will think you are at a famous Carnival circus.

Then last, but not least, the famous Hemlock Domes the great secret murder mystery. The thrill of your life.

Here we see a show made up of Boy Scouts and Sea Scouts from the ages of twelve to twenty and written by Scouts W. C. Tinsley, Richard Youngblood, and Bruce Taylor who are also the principal actors and directors of the show. It is a real treat to witness the work and talent of these boys and a great tribute to Scouting.

PLAN CREDIT ASSOCIATION FOR FARMERS

Mass Meeting Called for Next Wednesday to Get Going

A mass meeting of farmers will be held in the Village hall in Arlington Heights Wednesday afternoon, March 23, at 2 o'clock, for the purpose of organizing a Credit Association under the leadership of County Farm Advisor O. G. Barrett, and auspices of the Farm Bureau. A similar meeting will be held at Blue Island the following day. This is so that local farmers can take advantage of facilities newly offered by the Federal Government.

Explaining the new project, Mr. Barrett in a coming issue of 'The Country Side,' official organ of the local Farm Bureau, makes the following statement in part:

"Within the last year we have heard many times that it is impossible to borrow, no matter how much security we might offer. This statement is very true, we are sure, and still none of us can condemn the banks for that situation. Possibly the banking laws are not just as they should be, but our banking laws were made to fit a normal condition and we will all agree that things have been abnormal for the last couple years.

"It is not hard for any of us to picture the difficulties which confront a business concern whose capitalization is insufficient to carry it at the time of the peak load of its business, and many of our farmers find themselves facing the same difficulties.

"In our relief work, we find many people with comparatively nice homes, some with very good furniture with radios, and some with automobiles whose income has been cut off through lack of employment and who face a very serious situation. One can not eat a radio or an automobile and still it appears to be one of the luxuries of life, while food, the necessity, is not forthcoming. In the case of our farmers, we know of those who have their farms clear of indebtedness. They have their implements, their horses, or their livestock, but they do not have cash. In some cases they are unable to buy seed and fertilizer as has been their common custom. Their security, even in plenty, will not bring them cash.

"It is this problem, altogether too common, which we might say was no problem at all three or four years ago, that has caused our Farm Adviser and the Board of Directors of the Cook County Farm Bureau to consider and work towards the development of a plan by which our farmers, both members and non-members, who are worthy and who can offer sufficient security, will find a source of supply of funds sufficient for their immediate needs.

"We have often read in the papers of the work of the federal government in making available funds which were aimed at the re-establishment of credit, but we must realize that some local agency must be perfected through which these monies may be carried to the individual. It is the establishment of this local agency about which we are thinking.

"Your Farm Adviser has discussed with several of our bankers and we find them thoroughly endorsing the plan and welcoming this source of funds by which our people may carry on and help to restore credit."

The Bureau Board met in special session Thursday at Blue Island to discuss plans and methods of procedure for the disposal of the necessary stock locally to establish

credit with the Intermediate Credit Corporation which functions through the Federal Land Bank of St. Louis and which will make available a source of funds to farmers, as individuals.

Jenkins Says Financiers Are 'Soaking' Farmers

(Continued from Page 1)
represent them. He also charged that Mr. Glenn repeatedly has failed to be present and vote on bills important to labor and the farmers. "I think he ought to be at work on these problems that affect every one of us."

Thirteen billions of dollars a year are paid out in taxes in the United States, Mr. Jenkins quoted, and "we have better government when it cost half as much." He charged that Mr. Glenn's pet legislation is a bill to appropriate \$100,000,000 in federal funds to take up defaulted bonds of the Sanitary District, and thus pass them on to the taxpayers of the country. "I never was on the public payroll in my life, except when I was a soldier."

"I can tell you what is happening to the dollar in this country. The dollar is going up and up, and you are getting fewer and fewer of them."

Caslow Shows Relation of Chains to Loss of Jobs

(Continued from page 1)

Independent Merchants and Chain Stores

A phase of this larger fight is the independent merchant and the big chains, Mr. Caslow said.

The big chains and the manufacturers that cater to them turn many people out of employment all along the line, cut wages to the bone through competition; drain the money away from communities to the big banking centers; ruin the local community business men; deplete local banks, refuse to support community enterprises; all of which produces unemployment, wage cuts, reduced buying power on the part of the average family and loss of homes, Mr. Caslow and Mr. Jenkins both made clear.

The little fellow may be as bad as the big fellow, he would admit. "But what of it?"

"If the little independent man is a crook, it is in a small way in a place where everybody knows it. But if a great chain is crooked, they can rob the people of millions," said Mr. Caslow. "It is the magnitude that makes the monopolies so dangerous."

He finds all classes — workers, manufacturers, farmers, retailers — all blaming some other class for conditions; they all agree something is wrong and all blame the other fellow. All classes are to blame, according to Mr. Caslow; all cutting their own throats through lack of vision or loyalty. Referring to patronage of chain stores by the people, he said:

"If it is the system of monopoly that is grinding the people down — does it take much intelligence to see that the more you patronize that system the more it will grow? "If you think I am radical, I'm not; I'm tame. If you want to read something radical, just read the Declaration of Independence!"

"Where there is no vision the people perish." Not a nation that lacked vision has survived. If the people perish, the government must perish with it."

Miss Fern Lorenzen furnished incidental piano music; concluding with playing national patriotic songs.

New Law Outlines School Treasurers' Responsibility

A new law amending section 71 of the school code passed both the House and the Senate carrying an emergency clause with a two-thirds majority in each house and is signed by the governor. The big influence behind the passage of the bill was a very pronounced feeling that unless something of this kind were enacted into law that it would be impossible for township treasurers to get bondsmen. In fact the second section of the bill says, "Whereas township treasurers are having serious difficulty in securing sureties for bonds which they are required to execute before entering upon the duties of their office, because of numerous bank failures, and this difficulty should be removed as expeditiously as possible, therefore an emergency exists and this Act shall take effect upon its passage and approval."

During the consideration of the bill the school people raised the question whether or not under these new provisions the public school funds would be in any way safe-guarded as this amendment attempts to relieve the trustees and the treasurer of all responsibility when these funds are deposited in designated banks. The following is section 71 as amended:

Section 71. The township treasurer shall be the only lawful depository and custodian of all township and district school funds, and shall demand, receipt for and safely keep, according to law, all bonds, mortgages, notes, moneys, effects, books and papers of every description belonging to his township. Provided that trustees of schools shall from time to time when requested by such township treasurer designate a bank or banks or other depository in which school funds and moneys in the custody of the township treasurer shall be kept and the township treasurer shall be discharged from responsibility for such funds and moneys which he deposits in a depository so designated.

No bank hall be qualified to receive such school funds or moneys until it has furnished the trustees of schools with copies of the last two sworn statements of resources and liabilities which such bank is required to furnish to the Auditor of Public Accounts or the comptroller of currency. Each bank designated as a depository for such school funds or moneys shall furnish the trustees of such schools with a copy of all bank statements which it is required to furnish to the Auditor of Public Accounts or to the comptroller of currency while acting as such depository. Provided, that if such funds or moneys are deposited in a bank, the amount of such deposits shall not exceed seventy-five per cent of the capital stock and surplus of such bank and the township treasurer shall not be discharged from responsibility for any such funds or moneys deposited in any bank in excess of such limitation.

Division Three Schools Place In Tournament

The schools under the supervision of the directors of education held their first Cook County Basketball tournament in the Longfellow school in Berkley, Thursday, Friday and Saturday evenings, March 10, 11, and 12.

The schools that entered this tournament represented the three best teams in each of the following divisions: 3, 4, 5, and 7, and were from the following schools: Burnham, Miss O'Connor, coach; Croatian, Mr. McNeal, coach; Ideal, Mr. Aund; Lansing, Mr. Lambka; McKinley, Mr. Pauls; Morton Grove, W. H. Etherton; Northbrook, Raymond Etherton; Orland, Mr. Bechtloft; River Grove, Mr. Kellogg; Roosevelt, Mr. Hattenhauer; Sunnyside, Carl Etherton; Warren Palm, Mr. Bollma.

You will be interested to know that W. H. Etherton is the father of Raymond and Carl who had teams in this tournament. Carl's team was defeated by Lansing, W. H. Etherton's team defeated Lansing, Raymond's team defeated Orland, Ideal, and Morton Grove, and was defeated in finals by the strong Croatian team for first place. W. H. Etherton's team defeated River Grove in the finals for third place. The Croatian school team under the coaching of Harry McNeal had the tournament practically won when they defeated the crack Roosevelt team Thursday evening, leaving them Warren Palm, River Grove and Northbrook to defeat if they won first place; this the Croatian team easily did. Hence the first, second and third honors went to the Croatian, Northbrook, and Morton Grove schools, which happen to be in division three.

This being the first Cook County School tournament and so successful in every respect the coaches, players, and directors of education decided to hold another next year. Mr. Callahan was master of ceremonies and in a most gracious manner awarded the trophies to the captains of the winning teams. The other directors of education present added words of commendation to what Mr. Callahan said in thanking the P. T. A., the school board, the referees, the coaches and players, the band, and all who helped make this tournament such a wonderful success.

R. J. Logan, who was manager, director, supervisor, sponsor for everything almost, and who is the superintendent of the school where this tournament was held, received the highest praise and most applause by all present.

The pupils who played in this tournament showed some real sportsmanship and fast playing.

El Brendel Heads Big Stage Show

El Brendel, the hilariously funny Swedish comedian, is coming to the Oriental Theater in person Friday, March 18. He is a veteran of the musical comedy and vaudeville stage and has been in picture two years, arousing gales of laughter with his comic characterizations in "The Cockeyed World," "They Had to See Paris," "Sunshine Up," "Just Imagine," "Delicious," and many others too numerous to mention.

El Brendel will appear in a stage show especially built around his talents and includes a load of Oriental Theater favorites. He also adds to the merit of the feature picture, "Disorderly Conduct," in which he is featured with Sally Eilers and Spencer Tracy.

"Disorderly Conduct" is a swift moving and entertaining picture in which El Brendel and Spencer Tracy are shown as two police officers.

After turning down handsome bribes in the performance of his duty, Tracy has the ill-fortune of arresting Sally Eilers, daughter of the city's biggest politician and rum-runner. As a result he is demoted to a policeman's status and sent out on a beat. With the injustice of this ranking in his soul, he decides that honesty doesn't pay and begins to accept protection money that formerly he would have scorned.

Both Teams Win Over Libertyville

On Thursday, March 3, the C. A. C.'s went to Niles Center for their second game of the season with the girls' team there and lost. The score was 25-4. Niles Center went to work in the first quarter to accumulate a 16-0 lead. When the visitors buckled down to work after that, the game was fairly even. In the third quarter especially, the C. A. C. girls were superior to their hosts. However, the Arlington team continued to miss baskets as they had in their last preceding game. Only one, a lucky long one by J. Parke, fell in. Others of all varieties fell out instead of through.

C. A. C. vs. Foulds of Libertyville
The Community girls beat the Foulds girls' team on the big floor at Libertyville, 11-7, Friday, Mar. 11. M. Parke collected eight points, six of them in the first half. Diederich's dribbling and passing furnished the other feature of the game. Her shooting continued in a slump. Bird turned in an excellent game on defense, while Kiehm, Weinrich, and Kopplin were likewise effective. J. Parke's one basket was a beauty, scored after a floor-length dribble. M. Hapke starred for Libertyville, both on offense and defense.

Arlington Aces vs. Foulds of Libertyville
In the second game of the evening, Mar. 11, the Aces made the occasion all-Arlington by scoring a 21-11 victory over a team of ex-high school players. The game was exceptionally clean, and full of good basketball. Sage was outstanding for the home team.

Flynn's work at center and on defense was only equalled by McKaig's fast, drive-in shots. "Mac" collected four baskets, all resulting from quick breaks and return passes. Weinrich's floor play was good although he failed to score on short shots. R. Prosser, while somewhat weak on passes, hit twice from well out on the floor.

High School Five To Meet Alumni

Thursday night of this week Arlington's Alumni will attempt to wrest basketball laurels from the Cardinals of Arlington high school. All season the old heads have been clamoring for a game feeling that this is the time for the Alumni to break into the win column again at the expense of the school, a feat rarely accomplished by the grads.

Coch Grose finally succumbed to their blandishments and will give them their chance this week. The high school boys realize that they will be up against the best Alumni team ever put on the floor by the "old timers" and while expecting a jacking are determined to be in the game longer than is expected.

The so-called "Arlington Aces" will be pitted against the Cardinals in the prelim. The "Aces" is composed of Kopplin, Flynn, Long, McKaig, Volz, Weinrich, H. & R. Prosser and S. Brodnan.

The "Aces" have been playing regularly this year and are in the pink of condition. A circumstance that will help them immensely against the high school boys. In past cases previously the high school has been able to figure on lack of condition on the part of the Alumni as being the best ally for the school, but this time it will be different. The "Aces" have been playing some beautiful ball this year and with the lineup of stars that they possess will no doubt trounce their younger rivals.

This game will mark the last appearance on the hardwood court for three of Arlington's best. Capt. Stefanik, Frank Brodnan and Bob Mers will be playing their final game for the Cardinals. These three have carried the brunt of the playing for Arlington this year and have been the three highest scorers for their team. Their loss will be keenly felt when the 1932-33 season rolls around.

Schulenburg, Johnson, Wilton, Bolte, Cordulack, Schaeffer, Sherman Pate, Diederich, Garland, etc., will stack up against the Arlington lights. A good time is expected by all. Admission will be 25c to adults and 15c to students. Season tickets will not be honored as this is a post season game.

COMMUNITY CHORUS IN TRIUMPH

(Continued from First Page)
Vera V. McWharter, Aurelia R. Rau, May H. Roth, Mrs. R. D. Salisbury, and Hilda Wilton.

Altos are Ann. Katherine Allen, Blanche E. Ashton, Belle Bird, Daisy Daniels, Fern Dobbins, Adella Guild, Pauline Hackbarth, Frances E. Hartmann, Hazel McElhose, Fern Lorenzen.

Tenors are Fayette E. Briggs, Donald G. Costain, E. H. Crofoot, Frank Dobbins and Homer Evans.

Mr. Briggs was regrettably kept at home by illness; and Mr. Fred Schott, newly resident in Arlington Heights from Zion, Ill., and a veteran chorus singer, was very good help in the tenor section.

Basses are Sidney E. Allen, Humphrey Ashton, Clarence I. Davis, William E. Kopplin, Joseph Roth, Ralsh Salisbury, D. L. Waggoner, Ralph L. Ward.

Mr. Joseph Roth is president of the society; Homer Evans, vice president; Dellah E. Kost, secretary; and Frank Dobbins, treasurer.

Membership in the chorus includes others who did not appear in the concert due to the fact that they have not been able to attend regularly this year.

The printed programs carried an invitation to everyone interested in good music in Arlington Heights and other communities to join the chorus. They meet Monday nights in the music room of the Arlington Heights high school; dues only ten cents a week.

Rising votes of thanks, with applause, were given at last Monday night's meeting, to Mr. Miltzer, to Miss Heise, to the three soloists, to the Arlington Heights Herald for articles, and to the High school people for their cooperation.

This society was formed in the fall of 1930 following an editorial in the Arlington Heights Herald urging such an organization. There was response on the part of certain members of the women's club chorus, and others seeking to form a community mixed choral group that would be an outlet for the musical and artistic energies of people of Arlington Heights and vicinity and sponsor to higher musical culture. M. Theodore Miltzer was approached on the subject, and consented to become the musical director. Rehearsals were started in the South school hall; and a Spring concert was given. This set a new standard in music in the community.

WHEELING

We are sorry to learn that Mr. Jacob Arnold who had been very seriously ill at his home during the past week, passed away Monday night.

An epidemic of measles has swooped down upon the vicinity and greatly depleted the ranks in the grammar school. Some of the youngsters have had only light cases, while others have been very sick. It behooves the parents with children affected to use every precaution to avoid possible complications.

Mr. Samuel Kruse, of Michigan, has been doing some remodeling for his son at the Wheeling nursing home.

Mrs. G. Sicks and John Sicks, Mrs. E. C. Nehls and the Misses A. and L. Schneider attended the oratorio "The Creation" rendered by the Community chorus of Arlington Heights on Friday evening.

The Roy Smith family have left Wheeling to take up their residence on Dundee road several miles east of Wheeling.

The Carl Weidner family have moved into the residence recently vacated by the Smiths.

Mrs. A. Utpadel, Sr., entertained relatives from Dakota last Saturday.

The Wheeling Fire Department was called out at 3 o'clock a. m. last Thursday when fire broke out in the Petite residence north of Wheeling. Due to the severe cold weather, there was a little difficulty with the engine which delayed the throwing of water and together with the start of the fire before the call was turned in prevented saving much of the interior of the building.
